

International Conference  
Condensed Matter Research at the IBR-2

Dubna,  
Russia

# ABSTRACT

O

Functional and Nanostructured  
Materials

O

Development of Neutron Scattering  
Techniques and Instruments

K

Soft Condensed Matter

Carbon-based Materials

Dynamics of Materials

Magnetic Nanomaterials

Neutron Imaging

Materials under Extreme Conditions

Texture and Stress  
Investigations of Materials

October 12-16,  
2020

CMR @ IBR-2
